

N-Vest^(R) Cover Crops Presents:

Cover Crop Field Day/ Soil Pit

DIRECTIONS

Take State Rd 41 north to Schneider, IN. Turn left or west on 241St at the Marathon Gas Station just north of the Kankakee River. Go approximately 1-2 miles west and we will be in a field on the north side of the road.

Come see how deep the roots have gone

See how many earthworms are in the crimson clover fields

See how many nodules are on the crimson clover

See the root system on the annual ryegrass

Track earthworm channels deep into the soil

Find 2010 corn roots 40" deep

And so much more!
