

N-Vest^(R) Cover Crops Presents:

Cover Crop Field Day/ Field Dig

We will be on all sides of Sunnyridge Dairy at 11872 W. 400 S., Francesville. However, we should not use the Dairy's drive ways or property to park on. We will be on 1200 W. between 400 S. and 500 S.

Come see how deep the roots have gone

See how many earthworms are in the crimson clover fields

See how many nodules are on the crimson clover

See the root system on the annual ryegrass

Track earthworm channels deep into the soil

Find 2010 corn roots 40" deep

And so much more!
